Subject: Teedon Pit Extension

Good morning Robert

Further to CRH's letter of July 15, 2019 Goodban Ecological Consulting Inc. has completed the survey for Eastern Whip-poor-will and the survey results were negative. A letter will be provided to MNRF shortly.

The only other item that MNRF identified was the combined tonnage and concern related to different companies. As MNRF is aware CRH is in the process of completing the name change for the Teedon Pit Extension. As a result, both the Teedon Pit Extension and the Teedon Pit will be under common ownership. Can MNRF please confirm this addresses the issue.

Regarding the name change process can MNRF please commence work to post the name change application on the ERO. CRH would appreciate the posting commencing August 15th so the 45 day commenting periods correspond.

CRH plans on providing the formal 20 day ARA objector response to the outstanding ARA objectors at the beginning of October. Assuming MNRF is satisfied with the Eastern Whip-poor-will survey and the name change has addressed the combined tonnage issue, would MNRF be in a position to formally withdraw its objection prior to CRH needing to send a formal 20 day ARA objector response to MNRF.

If you have any questions or require any additional information for the ERO posting please let us know.

Regards,
